

# A60

## Quality stereo made affordable

Sleek and compact, A60 delivers good and reliable audio, be it for your MP3 player, notebook or PC. You can place these sleek and space-saving speakers anywhere you like, be it in your office or home. Furthermore, this magnetically-shielded speaker system with two 2.75" quality drivers prevents interference with your TV/monitor, while providing you with quality audio for all your entertainment needs. The built-in bass port also helps to enhance the bass and give your audio that extra boost!

- **2.0 speaker system designed to provide good audio for all your entertainment needs, be it for PC, notebook or MP3 player**
- **Built-in bass port to deliver deep and rich bass for your audio entertainment**
- **Stylish and compact form fits seamlessly into all home and office spaces so you don't have to worry about cluttered and unsightly desks**
- **The master control allows you to adjust the volume/power with ease**
- **Magnetically-shielded speakers do not interfere with TV/monitor and gives you the freedom to place your speakers wherever you please**
