

Sound BlasterX H7

Professional 7.1 HD - USB/Analog Headset

The Professional Ultimate 7.1 HD Surround - Dual Mode USB and Analog Circumaural Gaming Headset

Games today are advancing not only with graphics, but also with more complex and immersive sound design. And to fully harness all the aural goodness, Sound BlasterX Pro-Gaming Series introduces its most advanced surround sound headset yet – the Sound BlasterX H7 professional ultimate 7.1 HD surround USB circumaural gaming headset.

Built with the powerful and versatile BlasterX Acoustic Engine, the Sound BlasterX H7 combines large, responsive 50mm FullSpectrum drivers to offer customizable, best-in-class 7.1 surround sound audio for absolute gaming immersion.

Forged with a reinforced steel and aluminium architecture, and a lightweight, ergonomically tested design, the Sound BlasterX H7 promises not only comfort during long gaming sessions, but also the durability to withstand abuse. The headset also features dual-mode USB/analog functionality, a detachable noise reduction microphone and comfortable memory foam leatherette ear cushions for ultimate versatility.

Step it up with the Sound BlasterX H7 – gaming will never sound the same again.

- **7.1 HD Surround Sound**
Supports 7.1 channel audio input signals for realistic virtualization of gaming effects and audio cues with perfect accuracy and positioning.
- **Reinforced Steel and Aluminum Architecture**
The Sound BlasterX H7 is crafted with a durable reinforced steel and aluminium architecture that keeps up with your gaming – day in, day out, at home, or on the go. The sturdy steel headband ensures a snug fit on your head with minimal flex for ultimate stability.
- **Lightweight, Ergonomic Design**
Finished with a premium blend of soft-touch plastics, memory foam and plush leatherette to complement its sturdy metal architecture, the Sound BlasterX H7 boasts superior comfort and ergonomics that you can wear all day without feeling any fatigue or strain.
- **50mm FullSpectrum Drivers**
Large, responsive 50mm FullSpectrum drivers deliver powerful bass and astounding clarity. Feel every bone-shattering explosion and the rattle of gunfire as you immerse yourself in games like never before with the Sound BlasterX H5.
- **BlasterX Acoustic Engine**
We have tapped onto our rich history of creating class-leading audio algorithms to power up the sound behind the Sound BlasterX H7 beyond the realm of physical limitations through audio enhancements optimized for your gameplay.

Available for Windows®, the fully customizable BlasterX Acoustic Engine gives you unprecedented control over your listening experience with audio realism and immersive audio effects that intelligently decreases distractions and enhances game play. From the whizz of bullets flying past your ear in your favorite FPS game to the terrifying roar of a troll from an adventure title, the essence of your game comes alive with our professionally tweaked enhancements!

Activate Scout Mode to gain an added tactical advantage with the ability to perceive cues clearer, louder and better than your enemies!
